ORCOBRITE WL®

Description:

Orcobrite WL is an organic brightener which, when used in the dye bath, makes the colors on wool cleaner and brighter.

Orcobrite WL will not affect wool strength in any way other than to take out the impurities which dull the color. **Orcobrite WL** does not affect the shade, lightfastness, or wash fastness but actually improves it.

Properties:

Appearance- White, free-flowing powder

Solubility - Soluble in all proportions in water.

Applications:

A good replacement for hydrosulfite bleaches which often deteriorate the wool.

Procedures:

Run woolen piece goods in 2% - 4% owg **Orcobrite WL** for 10 minutes.

Add - 10% owg Glauber's Salt

5% owg Glacial Acetic Acid 56%

Run for 10 minutes and add dyestuff.

Raise to the boil over 45 minutes and run for one hour.

Rinse.

Notes:

Protect from excessive heat and humidity.
