

## Orco BlancoScour 100 Powder™

**Orco BlancoScour 100 Powder™** is a safe, economical oxidative bleaching/scouring powder for use in preparing full and half-bleach bottoms on 100% cotton or its blends. Full bleach is for whites and half-bleach is for dyeing pastel shades. **Orco BlancoScour 100 Powder™** may also be used in the clearing of disperse dyed polyester or partial stripping of direct-dyed cotton or acid-dyed nylon.

### Physical Properties

<b>Appearance</b>	off-white powder
<b>Solubility</b>	120-140 g/l
<b>Available oxygen</b>	10.0 %
<b>pH</b>	10.00 - 10.25 for a 1% solution
