

OrcoTint™ PS Claret

Continuous Innovation, Improved Solutions

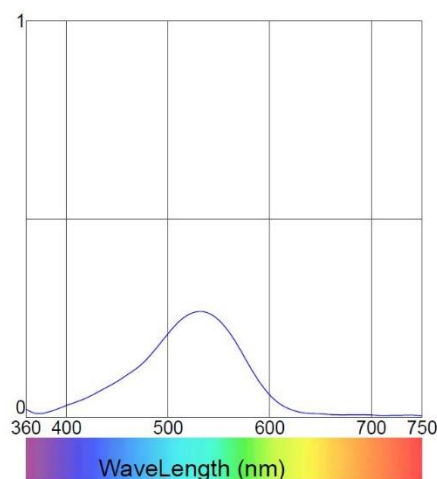

ORCO™, a provider of colorant offerings (OrcoTint™ NS) in portable sanitation for many years, proudly announces our new **OrcoTint™ PS Portable Sanitation Colorants (OrcoTint™ PS)**. OrcoTint™ PS continues our mission as colorant solution providers for the sanitation industry.

Applications extend broadly with focus on portable toilets/sinks, sanitation/cleaning agents, marine/RV waste systems, deodorizers for municipal landfills and public restrooms. Our process improvements yield advantages that will bring value as well as ease of use.

OrcoTint™ PS Claret is compatible with other active ingredients, easy to wash out, (non-staining,) highly soluble for in-line blending, non-settling, and stable at applicable pH ranges. **OrcoTint™ PS Claret** also performs very well in unit-dose packaging applications such as soluble packets and tablets.

20 ppm

Physical Properties

Appearance	Red liquid
Specific Gravity (g/cc)	~1.23
pH (neat)	6.0 – 8.0
