

## OrcoPond™ Pond & Lake Dyes

Organic Dyes and Pigments (ORCO) is a supplier of pond dyes that are used to improve water clarity, while also imparting a pleasant color. Pond dyes can also minimize algae and weed growth, as well as clear up muddy appearance. When used as directed, **OrcoPond™ Dyes** are 100% safe for humans, fish, livestock, pets, birds, swimming pools, pumps, pipes and irrigation systems.

**OrcoPond™ Dyes** are highly concentrated - we strongly suggest that potential customers sample the dyes and evaluate. The Standard Color Line consists of Blue, Teal and Black. In addition, these standard colors can be blended by ORCO or the purchaser to achieve unique shades. **Ask us to develop a custom shade for you!** **OrcoPond™ Dyes** are available in powder and liquid forms. Application rate suggestions are as follows:

Form	Application Rate (1 acre pond, 4-6 ft. deep)
<b>Powder Dyes</b> 25 lb. and 55 lb. boxes	Blue and Teal – ¾ lb. per 1 acre pond Black – 1 lb. per 1 acre pond
