

OrcoStain™ SS Solvent Soluble Dyes for Stains

OrcoStain™ SS Dyes are recommended for solvent-based systems and for tinting of clear solvent based finishes. Solvent Stains do not “raise the grain”, affording a smoother surface and finish. They are also highly durable and compatible with most solvent-based systems

Don't see what you are looking for? Let us prepare a custom color shade match for you!

Shade	OrcoStain™ SS	Specific Gravity g/cm ³	Light Fastness (100 hrs Xenon) ISO) 1-8	Solubility (Toluene, g/l)
	Yellow GL	1.56	7	50
	Orange R	1.160	6	150
	Fire Red G	1.889	6	20
	Fire Red GLS	1.227	5	20
	Fire Red BL	1.250	5-6	500
	Red BL	1.330	6	150
	Blue 2GN	1.235	5-6	40
	Green BY-S	1.396	6	45
	Brown RL	1.390	7	130
	Black RL	1.569	6	400
	Black RE	1.743	6	450

Actual dye samples should be evaluated in the chemical system or medium in which they are to be used for accurate shade and physical property results. Shades shown on print material and computer monitors are for general reference only as they are inherently inaccurate due to calibration variations and technical limitations of monitors and printers.
