**Job Title:** Laboratory Technician II

**Location:** Lincoln, RI

**Shift:** Monday to Friday, 8:00 AM – 4:30 PM

#### About Us:

Organic Dyes & Pigments LLC (ORCO) is a leading manufacturer of colorants and specialty chemical solutions serving industries such as Textiles, Construction, Coatings, and Agriculture. With more than 75 years of experience, ORCO is known for its technical expertise, product quality, and commitment to continuous improvement. We are seeking a motivated and detail-oriented Laboratory Technician II to support our laboratory operations and product development efforts.

#### What You'll Do:

- Support formulation development, testing, and analysis of dyestuffs and auxiliary chemicals.
- Perform routine laboratory testing, sample preparation, and assist with product development under the guidance of senior laboratory staff.
- Operate standard laboratory equipment, including balances, pH meters, and mixers, while following proper safety and maintenance procedures.
- Accurately document experimental data, test results, and laboratory activities in accordance with internal and regulatory standards.
- Assist with quality control processes to ensure consistency and reliability of laboratory results.
- Collaborate with chemists, supervisors, and laboratory team members on ongoing projects.
- Participate in training and skill development to expand technical knowledge and take on increased responsibility over time.
- Maintain a clean, safe, and compliant laboratory environment in accordance with environmental, health, and safety regulations.
- Coordinate and execute sample requests, preparation, and shipment, while actively contributing to process optimization, operational efficiency, and organized work practices.

#### Qualifications:

- High School Diploma or Associate's Degree in Chemistry or a related field.
- Prior laboratory experience or relevant academic experience (coursework, internships, or projects) preferred.
- Working knowledge of basic laboratory safety practices and chemical handling procedures.
- Familiarity with standard laboratory equipment and instruments.
- Strong attention to detail, organization, and problem-solving skills.
- Ability to accurately follow procedures and maintain thorough records.
- Effective written and verbal communication skills.
- Proficiency with computers and basic laboratory software for data entry and reporting.
- Proficiency in English required.

#### Why Join Us:

- **Hands-On Technical Role:** Play an important part in laboratory operations, product development, and quality assurance.
- **Growth & Learning:** Gain exposure to specialized chemical and dyestuff technologies with ongoing training and development.
- **Collaborative Culture:** Work alongside experienced chemists and technicians in a supportive, team-oriented environment.
- **Stability & Schedule:** Enjoy consistent weekday hours in a professional laboratory setting.

#### How to Apply:

Submit your resume and cover letter to [jbaptista@organicdye.com](mailto:jbaptista@organicdye.com) if you want to join our laboratory team and contribute to maintaining ORCO's high standards of quality and innovation. Organic Dyes & Pigments LLC is an Equal Opportunity Employer (EOE M/F/D/V).
